wanapers in Lonisville. When ther were three, one of them may have been ave been such, or there would have been three to-day. That there are not as didation their only hope of profithave a bad epitaph than its ill report of less than one-fourth that of while you live." Louisville, sustaius four or five dailies Atlanta, fresh-risen from ashes and utter ction, and standing in the midst o ascality and misrule has done its worst. ascality and misrule has done its worst, of the Peaks of Otter. As seen ustains no less than three. Mont-by night, the broad belts of nery, where the same baleful genins flame that encircle the mounhas paralyzed the energies of the people and prostrated commerce and trade. ity, n ver visited like her sister cities me-Louisville, with her one hundred still slowly and singly burning. By day pay to and splendid commercial advantages, that a hundred acres have been traversed But this she did not do-at least, she did not stain them with sufficient liberality to prevent the merging into one erality to prevent the merging into one the two which seemed most prosperous. There are but two left, and as each fit ese will a pply a need which she must feel and appreciate fully, each is to her a necessity. It is believed that not fail to be met for want of proper sap-port. With this belief, we have begun lug. Shocking to say, that dignified and the publication of the Democrat, and aristocratic gentleman had had, on the p with the determination to make it a day before, a fist fight with his English fidence and patronage which it seeks.

usually takes the form of undue adulation of the 1 pl 's in elligence. Especially is this form of flattery in requisition when some particularly gross and parable fraud is in contemplation. They it is that the people are informed that they not only possess all the Christian virtues in a pre-eminent degree and without measure, but a far-reaching intelligence and sagacity that no amount of cunning or specious sophistry can milead.

These honest lagos have so long been pouring this poisoned stream of fattery into the ears of the people, that a belief in this immentation of the contract of the grown, who is an English subject.

The beavers are at work for the English Sheriff of the Justices of the Peace. She has been the Justices of the Peace. She has been well educated, and was an ornament to the social circle in the track at Wyoming, found it necessary to rebuild dains at different points. Parties were set at work erecting the men left their work at night beavers beginning the poisoned stream of fattery into the ears of the people, that a belief in this immentation. There instances where beautiful the footing the more distinguished with the freaks of Cupid are inscrutable, and he saw her but to ruin her, to desolate two families, and to cover his own name works are at work for the English Shear the Justices of the Peace. She has been well educated, and was an ornament to the social circle in which she moved.

Unfortunately she had a strong taste for the stage, and has often appeared behind the footlights, through which has moved.

For the stage in the Justices of the Peace. She has been well educated, and was an ornament to the social circle in which she moved.

Laramie river from the mountains to the track at Wyoming, found it necessary to rebuild dains at different points.

Farties were set at work erecting the formation of the In American demagoguery this flattery lish subject.

a belief in this immaculate "intelligence" has become an article of faith, to question which is a species of heterodoxy question which is a species of heterodoxy labor already performed by them is worthy of the stake. This, too, in the worth hundreds of dollars to the conface of the fact that there is not an tractor, aluse in all this land that does not owe its continuance, if not its ex-istence, to a lamentable want of ln-Ontario, which were built a little over a

the rnln of the South and the virtual is in the deplomatic service of the same verthrow of the Government as left to country.

It is to this conspicuous want of intelligence in the Northern masses and their extreme guillivility that have enabled the leaders and press of the Radical party to make such a capital use of the contrage dodge" in the late Presidential cuty ss. To cure another four years are contraged dodge" in the late Presidential cuty ss. To cure another four years are the foundation of their forms being "pied" by the sing room settled about six in these. The corner foundation of their compositions of the contract of th

CURIOUS CASE. well- A Victim of "Mental Sympathetic Con

Weii-known Citizen the Subject of a Writ de Lunalico Inquirendo.

One of the most remarkable eases of ecord was tried before the Circuit Cour resterday. Mr. Robert Sadler, an old and disorderly, failed to appear before and highly-esteemed citizen, who resides on his farm, about five inites from should be laid at the door of the city, on the Cane-rnn road, was aron the subject of animal magnetism, or as he terms it, "mental sympathetic communication." For some three past he has been afflicted with imaginary pains or troubles, and his screams could opportunity to moralize is present. We do not object to the sentiment pains or troubles, and his screams could be heard by his neighbors living upwards of one mile from his residence. He is in the enjoyment of excellent health, and is a man of robust and vigorons constitution. He is under the strange hallucination that he every case where any affinity exists between himself and a person who may fall sick, or meet with an another health and a person who may fall sick, or meet with an another health and a person who may fall sick, or meet with an another health and about the cheard him dilate by the half hour upon the education, morals and customs tivated voice fairly charms the audience, the enjoyment of excellent health, and ecident, the pain and suffering is comunnicated to him, and he suffers as

> meh as the afflicted party. The neighbors who were subpensed as vitnesses testified that Mr. Sadler was an intelligent, industrious and perfectly rational man, with the exception of this strange notion which prevails with him, and has worked much trouble in the reighborhood. If one of his neighbors teries" upon the person, and accuses ing, and he refitses to be comforted, in-

work great hardships on all classes, as as counsel for the accused. Mr. Sadler Blair, who were trie A and acquitted by pelled to lay in jail until Monday. The the trial. The prosecuting attorney and the Circuit Court gesterday, were re-ar- case was continued, and we look to the the counsel for the accused agreed to aldecision with more than ordinary inter- low Mr. Sadler to interrogate the witses, in order to test the question whether or not he is of sound mind. His uestions were all well directed, and he andled the witnesses like an old and expert lawyer, elicitlug answers in his favor, and at times perploxing them to Hugh V such an extent that they lost their own presence of mind, and appeared more ike lunaties than the accused.

After all the witnesses had been examned, the Prosecuting Attorney put the ceused on the stand, and asked him nany questions concerning his peculiar derangement. He answered them all in holding fast to his belief In "mental sympathetic communication! In answer to the question, whether or

not be was liable to feel and suffer all the Fletcher was accosted and pursued by a Eve, in Nashville, a few nights since man named John Carroll on last Sun. OUR CITY COURT JUDGE. -Judge Chas. B. Lord, a prominer he New Athany Ledger Goes for Hin The Ledger of last evening has the foldead, lowing comments on the remarks of Judge Craig in passing sentence upon two vagrants from Indiana, a father and daughter, named Knight, who were attached the career by removing the Court career by removing the Court career for Selma to Cahaba.

Before passing sentence Judge Craig is reported to have said "that, if any crime axisted, it was the result of ignorance, the corder, wishes to sell his half in the corder of the corde care for their unfortunates were in guilty than perjetrators of crime of which ignorance was the foundation."

Judge Craig is a very good judge is some cases, but he has a strock of vanit that is always manifested whenever a have heard him dilate by the half hour upon the education, morals and customs of ancient times, when about to consign some poor devil to the worklouse. If has so well versed in the morals, education and enstoms of olden times, we should think he would post himself in the history of the present.

Gur understanding of Judge Craig's remarks on the occasion alluded to always was that the annual customs of the company of the country of the great of the country of the coun

ested in a negro den, in the lower part

of the city:

above, was that the country at large was responsible for the ignorance of its peo- te responsibility, in this respect, resting upon states are nand legislators. He certainly did not particularize or direct his \$200,000. It is a strong concern and w remarks to any State or community. We fear that the Ledger is not favorably disposed toward Judge Craig. How-ever this may be, we want the Ledger 10 stinctly understand that hereafter i mist let our jadge alone.

THE COURTS.

City Court-Hon, E. S. Cralg, Judge. There were only ten cases presented

lischurged.

The Scotch plaids are very fashionable, made in circulars with a small lows, seized the arm above the wor nound cape, and are worn with the right side thrown over the left shoulder. These plaids are also much worn in dresses.

side thrown over the left shoulder. These plaids are also much worn in dresses.

These plaids are also much worn in dresses.

There is nothing very new in operaclosks. They are made in circulars of white cloth, trimmed with white fringe and cord and tressel, or short sack. Very showy opera cloaks are made of searlet cloth and embroidered in white or gold color. A pretty and minque one is made as ack form, the material a delicate shade of blue, almost evored with white beads. It is principally for evening wern.

Heavy cloth cloaks will not be so much worn as formerly, except in extense cold weather, as snits are not only more fashionable but far more economical, and are rapidly obtaining favor. Pellisse wadding, with a liming of silk or fine cambrie, is fitted to the sacks, so that treat and are rapidly obtaining favor. Pellisse wadding, with a liming of silk or fine cambrie, is fitted to the sack, so that treat and are rapidly obtaining favor. PORT OF LOUISVILLE.

The new steamer St. Francis will shove for Memphis, Thursday. She is now y to receive her freight. The Legal Tender will arrive from New pleans Thursday. Orleans Thursday.

The Falls City, Capt. John A. Robinson, and E. B. Sealey. clerk, leaves for Green river this evening at 4 o clock. Sie is a new and statunch boat with excellent passenger accommodations, and the traveler who takes list earpet-bag aboard of her and checks it for the emerall stream for which she is bound will have just as pleasant a trip as he will know what to do with. Capt. Robinson and Mr. Sealey will attend to that.

Does a little extra exertion produce palpitation of the heart?

Does your liver, or urinary organs, or your kidneys, frequently get out of order?

Is your urine sometimes thick, milky, or flocky, or is it rows on settlings. Or does not have a construction of the heart? Messrs, E. C. & H. C. Murray, of Padu-well-known bont-hullices, formerly of to the top? Or is a sediment at the bottom after it b. well-known bont-huilders, formerly of soly, and at one time engaged in the connection of Confederate gunboats, are building to Confederate gunboats, and canother for Cupin Janies Johnson. That for Capitains T. 8. is nearly completed, and is to be mehed next Salurday. The following are dimensions: Length, 125 feet; beam, 23 depth of hold, 4 leet. That for Capitain as the machinery of the Kingston. Here there is a re: Length, 125 feet; beam, 25 depth, of hold, 4 feet.
